

# **Wiki-Search & Text Search Activities**

## Topics

- On days of these activities you will receive assigned topic/s from professor.
- Topics will be historically relevant people, events, geographic locations, or terms that connect to the reading topic that week.
- You will be given 20-30 minutes to research your topics (text or internet encyclopedia).

## Informal Presentation

- Each student will then be given 2-5 minutes to explain their topic/s.
- Professor will add critiques.

## Student Notes & Submissions

- During presentations, students will record the information given during peer presentation.
- These notes should conform to the structure and format indicated, then scanned & submitted to professor via e-mail on Friday of that week.
